

## Yearling Buck Deer Injures Two Women In An Attack

A yearling buck deer which had been a pet around the H. B. Smith lodge down river seriously injured Mrs. Ralph Redhead and Mrs. Minnie Henderson last week.

The deer which had always been a friendly animal suddenly without warning knocked Mrs. Redhead to the ground and attacked her with his short spike-like horns and front hoofs. Each time she would get up, the maddened deer would rush to strike her to the ground again.

Her calls for help brought Mrs. Henderson to her aid. The deer then turned his attack on the elderly lady knocking her to the ground.

William Wiss, caretaker for the J. A. Schwartz river lodge finally chased the deer away and saved the two women from further harm. Both were badly cut and bruised and required medical treatment.

Mrs. Redhead had played with the deer upon several occasions, but upon entering her garden late last week, the yearling without warning bunted her to the ground.

Whether the deer had been frightened or wounded to drive it to attack a person was not determined, but the badly injured women felt that it should serve as a warning to other people to what danger they can place themselves with an animal which had always seemed friendly and quiet.

Mrs. Henderson and Mrs. Redhead are both recuperating at their respective homes on the Au-Sable River, 12 miles east of here, from injuries inflicted by the big buck.

"I fought the deer for at least 15 minutes after he had attacked me and knocked me down," Mrs. Redhead declared.

Every time I tried to get up he battered me with his head. One of his spiked horns cut a deep gash in my leg as he continued his attack. I finally could fight no longer and had given myself up for dead when Mrs. Henderson heard my screams and came to my rescue.

Despite her 80-years and armed only with a cardboard box, Mrs. Henderson plunged into the fight. "She tossed the cardboard box over the deer's horns, hoping to blind him long enough to allow me to escape."

"As the buck fought to get free

of the box I ran for the door of my home and got inside when I fainted for a few seconds. Reviving, telephoned another neighbor, William Wiss, who rushed over to the house.

"In the meantime the deer had been able to strike both the women and had trapped and was attacking Mrs. Henderson. Whether the buck just tired himself out or whether the arrival of Mr. Wiss scared the animal I do not know, but he was running down the road when Wiss arrived with a shotgun.

Ernest Olson  
Interred at Elmwood

Ernest Olson, life time resident of Grayling was interred in Elmwood Cemetery, Saturday afternoon, October 7, following services held at the Sorenson Funeral Home at 2 o'clock.

Rev. R. C. Puffer read the final rites and special music was presented by Mrs. June Taylor. Pallbearers were Curry Sheehy, Carl Doroh, Clarence Johnson, Frank Woodruff, Clarence Roberts and Benton Jorgenson.

The deceased was born in Grayling to Mr. and Mrs. Nels P. Olson on June 28, 1897. He attended the Grayling schools. A barber here for many years, Mr. Olson was a Lutheran and a member of the Moose Lodge. He had been in ill health for several years and passed away at Mercy Hospital on Thursday, October 5th.

Surviving are his mother, Mrs. N. P. Olson; two sisters, Mrs. Anna Schlotz and Mrs. Harold MacNeven; four brothers, George and Esbern of Grayling, W. James of Clare and Alfred C. of Detroit. His father, Nels P. Olson, preceded him in death in 1930 and a brother Lester passed away in 1931.

Among those here from a distance to attend the services were Mr. and Mrs. A. C. Olson, Sr., and Mr. and Mrs. Richard Johnson of Detroit, Mr. and Mrs. A. C. Olson, Jr., of Gaylord, Mr. and Mrs. James Olson and family of Clare, Mr. and Mrs. Esbern Olson, Jr., of West Branch, Mr. and Mrs. A. R. Engle of Houston, Texas, and Mrs. Agnes Robinson of Houghton Lake.

Committee Seeks Okay  
Of Hospital Bond

Probate Judge Ray F. Clement was today appointed Crawford County chairman of the Michigan Citizens' Education Committee whose objective is to obtain adequate mental and tuberculosis hospitals for the state.

In explaining the purpose of the committee, Judge Clement said: "Something must be done to bring home to the people of Michigan the facts about the mental health crisis which confronts us today, when thousands of people who should be receiving modern day mental care cannot get it because there are no facilities available."

"In a democracy, this is a job for citizens, so we have organized a county committee of Crawford County citizens to see that the job gets done."

Something must also be done to make people realize that mental illness is not something shameful, but is no different and no more to be ashamed of than any other illness. One out of every ten people, according to conservative estimates should be receiving treatment for some emotional or mental disorder.

"He added that mental illness reaches into one family in every five, and that our failure to meet the problem courageously is a heartless compounding of human misery, broken homes, deprived, neglected children who are deprived of a chance to become well-adjusted, self-reliant members of society."

The action of the Michigan Legislature on June 21st, when it voted without a dissenting vote to submit a mental and tuberculosis hospitals bond issue to the people in the November election, is a welcome recognition of the crisis confronting us. It is a good start on a serious problem, and now that it has been made we can't afford to stop until the job is done."

The bond issue will be Proposal No. 2 on the ballot and the committee will ask every person to vote Yes for the bond issue on November 7th.

Conservation Club  
Organized At G. H. S.

The members of the High School Biology class have organized a 4-H club. We had our first meeting October 7 and named our club The Grayling High Conservation Club. For officers we elected: President, Bob Niederer; vice president, Jim McClain; secretary, Jean Lovely; reporter, Lu Ellen Watkins; health, Elwyn Kruse; recreation, Derek McEvers.

Forestry, fire fighting, and Michigan 4-H Deer Herd Study were decided on for our 4-H projects.

Mr. Quentin Ostrander, the 4-H Club agent for Crawford and Kalamazoo Counties, has already given us a demonstration on planting Colorado Blue Spruce, Australian Pine, and Norway Pine seeds in a seed bed frame constructed by the 10th Shop boys. The seedlings will remain in the seed bed two years before transplanting.

## Register Doctors On Monday

All doctors, dentists and veterinarians under 50 years of age will be required to register with their local draft boards all over the United States next Monday, October 16, it was revealed by Draft Board Clerk C. B. Johnson today.

Clerk Johnson has received a telegram from Washington which said in part: "The President of the United States has proclaimed October 16, 1950 as the day for the first special registration under which all medical doctors, dentists and veterinarians who have not as yet reached the age of 50 will be required to register."

The registration will take place at the Selective Service offices on the second floor of the Crawford County Court House during the hours of 8 A. M. until 5 P. M.

It is expected that only three will register under this special act in Crawford County unless a visiting doctor, dentist or veterinarian happens to be in this area, in which case he may register in Crawford County without returning to his home. Later his registration may be transferred to his own Selective Service office in his home town.

Band Notes

The Grayling High School Band has planned a trip to the William and Mary vs. Michigan State College Homecoming game this coming Saturday, October 14. Everyone is looking forward to the occasion.

The band has earned its trip by playing at the Cherry Festival and the Gaylord homecoming this summer. Forty band students will make the trip, plus one bus driver and two chaperones.

On Friday, October 13, the band is having an all school dance from 8:30 to 11:00. We hope to have a good crowd, so be there.

## Driver Crashes Into House, Pays Fine

Charles White, 70, of Kalkaska pleaded guilty to a charge of driving while under the influence of intoxicating liquor on Monday before Justice Larry Galehouse and was fined \$50 and costs of \$9. He was also given a two day jail sentence which Justice Galehouse suspended as White had been held at the County jail since Saturday night.

White traveling south on US-27 failed to negotiate the corner at Lake Street and tore through a hedge and smashed into the Algot Johnson residence. The collision completely demolished the porch of the Johnson residence and White's car also. The driver was not injured. The vehicle was sold for junk and it was reported that the damage to the Johnson home would run nearly \$400. Police Chief George Bielski arrested the driver upon investigating the accident.

## Congressman Speaks To Teachers

"The key to the international situation lies in the Far East" said Walter E. Judd, Congressman, Washington, D. C., before 1,200 teachers at Region Five M. E. A. Institute at Petoskey, which Grayling and Frederic teachers attended.

"Who controls China will control the destiny of the World," said Mr. Judd.

"To keep China free and independent because it kept Japan and Russia in their place has been the policy of the democratic nations of the world for the past 150 years."

As soon as we withdrew our support Japan subdued China and attacked the U. S." continued the speaker.

"The second World War was the result of our mistake in not recognizing that events in Asia are important, and to the indifference of the world to realize that actions of the past foretell the history of the future" declared the congressman.

"Let us humbly examine our mistakes," remarked Mr. Judd. "We are bathed in colossal ignorance of history and geography. We failed to understand the background and culture of these Asiatic people and to recognize that all people act according to their own values, ethics and background."

Mr. Judd believes we cannot denounce any one who does not live up to values he knows nothing about.

He declared that nations die out the same as animals, when they lose the ability to distinguish between their friends and enemies.

"We have not distinguished our friends from our enemies. We have assisted the aggressor, when we failed to give aid our friends" he asserted.

He maintained that we as a people need to study and learn, to try to understand the forces in the world.

"In all the world only Asia has both great undeveloped resources and man power. World War II was a war to find out who would control the development of Asia," continued the speaker.

He declared "the greatest need of Russia is oil. So Asia is a basin of oil. The Chinese Communist government is the most efficient government in the world today. They do not wish majority rule. They have purge after purge. They desire only the allegiance of the few. With these few they will rule the millions."

We paid no attention to Soviet intervention in China or to the published plans of the Kremlin to circumvent our intervention in China as published in the Communist paper "The Worker," here in our own country," he continued.

Very emphatically he declared, "In my mind, the war in China is the key to all profit on the international front."

He estimated that as a result of our indifference to the Communist influence in China, 1.6 billion people are under the control of 125,000,000 people at the end of the second World War, now controls 800,000,000.

"Our first mistake was ignorance. Our second mistake was pointed out to me by India's great national and religious leader, Nehru, when he said, 'We can no longer trust the U. S. who has gone back on her pledged word to Chang Kai Shek.' We violated our international integrity. We promised the return of Manchuria to China and independence to Korea. We failed to intervene in China. We divided Korea. Who asked us to pick out the 38th parallel?"

We invited Russia down. We modernized South Korea. We built bridges, roads and telegraph lines. We made South Korea so attractive to the North Korean Communists that it was irresistible," the congressman declared.

"Are we going to get peace by disarming our selves?" he asked. Then declared that for every 20,000 lives saved by expediency that 80,000 were lost by the sword.

He suggested that we forget the incompetent, inept, inefficient, undemocratic and corrupt government of China and remember its geography.

He likened China to the hub of the wheel and her satellites as the spokes or to the palm of the hand and the smaller countries around her as the twelve fingers.

He declared that, "who rules China also rules the fingers," and that, "we must keep them inde-

## New Member Named To Advisory Board of Grayling Hospital

James F. Duffy, prominent Detroit attorney, has been appointed a member of the advisory board of the Sisters of Mercy hospital here.

Meanwhile, Grayling civic leaders are pushing an effort to raise a local fund of \$75,000 to equip a new \$600,000 hospital. Recently the Sisters of Mercy were assured the new 60-bed establishment.

The federal government has promised to allocate \$300,000 for the project and another \$300,000 will be donated by an unnamed individual, sponsors of the new hospital here have been assured.

The present 40-year-old hospital is the last of the "lumberjack" hospitals in Michigan. It was first established to care for the needs of the burly lumbermen in the Grayling area. It has served a dozen surrounding counties in addition to the Grayling area, affording the most complete hospital facilities in the north central portion of Lower Michigan, between Bay City and Traverse City.

As in World War I the hospital will also be of service to personnel of nearby Camp Grayling and the Grayling Air Base of the National Guard.

Recently the sisters were alerted, on a continuing basis, to the ultimate needs of some 14,000 men annually. Recent developments point to a potential use of the facilities by other branches of the armed forces in case of actual assignment of other units to that area.

The military has expressed much appreciation of the services rendered by the Grayling hospital.

Duffy, the new advisory board appointee, was named to fill a vacancy caused by death of Frank M. Sparks, of Grand Rapids. Duffy was coach for the University of Detroit from 1917 to 1924 and served as a naval officer in World War I. During Gov. William A. Comstock's regime he was boxing commissioner for the state.

Other members of the hospital's advisory board are: Edgar A. Guest, Detroit poet; John C. Lehr, former United States Attorney at Detroit; Hon. Homer Ferguson, U. S. Senator; Harry Wismer, radio spots announcer, Detroit; Norman Beasley, author, New York City; Emil Kraus, president Common-wealth Casualty Co., Grayling; Sister Mary Stella Kearney; John Maynard, retired executive; J. C. Penny Co., Lansing; Major John E. Pass, Grand Rapids; David I. Hubar, corporation counselor, Detroit; Lloyd L. LaDriere, LaDriere Studios, Detroit; Luke C. Leonard, president, Leonard Bros. Inc.; and Miss Florence J. DeCoursey, secretary and treasurer, Leonard, Inc.

October 2, 1950.

Regular meeting.  
Meeting called to order by Mayor George Burke.  
Citizens present: Burke, Roberts, Gothro, Schoonover and Giegling.  
Absent: None.

Citizens present: City Attorney Moore, Clements and Farmer, Al Stephan of Stephan Wood Products, Wm. Tufts, Seth Chappel, Mr. Piper and Harold Carron.  
Minutes of last meeting were read and approved.

Messrs. Clements and Farmer of Camp Margrethe, were in complaining about their commercial light rates during the winter. Referred to City Manager to investigate.

Stephan Wood Products were in regarding new power on Huron Street.

Moved by Gothro, supported by Roberts to enter into an agreement with Stephens Wood Products Co., to furnish power on Huron St.

Yeas: Roberts, Gothro, Schoonover, Giegling and Burke.  
Nays: None.

Mr. Harold Carron was in about his permit to deliver baked goods in town. He has not had time to determine whether or not it will be a paying proposition.

Moved by Burke, supported by Schoonover to extend the time of Mr. Carron's permit until November 4, 1950.

Yeas: Schoonover, Giegling, Gothro, Burke and Roberts.  
Nays: None.

Mr. Seth Chappel was in regarding his road on the North end of Fulton St. This was referred to the City Manager.

Mr. Piper was in regarding their power bill.

All light bills in arrears were discussed, and it was decided to start turning off all light meters that were in the arrears more than a month.

Moved by Giegling, supported by Burke to approve and accept the supplement to the present budget, designed to give city personnel a cost of living wage increase.

Yeas: Burke, Giegling, Schoonover, Gothro and Roberts.

## Who Opposes Socialized Medicine?

It is frequently argued that most of the opposition to either socialized medicine or government-controlled medicine originates within groups whose motives are entirely selfish and who are completely without interest in the welfare of the masses of people.

That argument cannot withstand the light of fact. Current proposals for government medicine have met with the formal opposition of 15 state legislatures, and the amazing total of 10,000 national, state and local organizations. Among these are the General Federation of Women's Clubs, the American Legion, the Veterans of Foreign Wars, the American Bar Association, and the American Farm Bureau Federation.

To say that organizations of this character are inspired by the selfish considerations of a few people is to say the ridiculous. They represent millions of individuals, of all political faiths, and of all economic levels. They agree on the issue of government medicine for one reason—their belief that it would reduce the quality of medical care, that it would place a tremendous and unnecessary burden on the taxpayers, and that the growth of our established system of medical care, along with the many voluntary insurance plans, offers the best available solution to our health problems.

Those who would socialize, or otherwise regiment the practice of medicine, work on the theory that if a roof leaks, the solution is to burn down the house. That there are gaps in our medical care system goes without saying—and doctors are among the first to realize this, and to take measures to close them. In recent years, enormous progress has been made. The future will bring greater progress still—if the hand of the politician can be kept off the back of the doctor.

Prize winning Fire Prevention essay: Louise Bell, a High School girl at Marion, Kansas, was the prize winner in a recent Fire Prevention essay contest under the direction of the National Fire Protection Association. The essay is as follows in which she worked in the football theme very cleverly: "The annual game between Fire and Fire Prevention during 1926 ended in favor of Fire who scored 1,500 fires each day. On the sidelines stood scores of people, nearly all of them boosting for Fire Prevention. The losing team played a good game but their opponents had the advantage over them. The line up was as follows: Fire—Guards: Captain Carelessness, Ignorance, Ends: Cigarettes, Matches, Center: Rubbish Heaps, Tackles: Gasoline, Kerosene, Quarter: Firecrackers.

Center: Clean Yards. Tackles: Marked Gasoline Containers, Saffy First. Quarter: Sane Fourth. Halfbacks: Good Wiring, Flue Lining. Fullback: Fire Prevention week. "Both teams fought hard until the final whistle blew. Captain Carelessness was largely responsible for the points made by Fire. Many of the gains were made by the aerial route. Matches and Cigarettes continuously passed to Rubbish Heaps; however some of the passes were intercepted by Clean Yards. Every player on Fire's team made one or more points. Fire Prevention played on the defensive during the entire game. Marked Gasoline Containers prevented Gasoline from scoring several points and Safety First effectively tackled Kerosene who was headed for a touchdown. Sane Fourth as quarterback played an outstanding game and succeeded in counteracting Firecrackers play. The majority of the spectators were disappointed in the outcome of the game since Fire has been winning consistently for the last 1926 years. Fire Prevention is increasing its team work however and it is hoped they will win the 1927 game.

## COLUMBUS DID NOT DISCOVER AMERICA IN 1492!

On October 12, 1492 Columbus sighted an island which he called San Salvador, and which has since been identified with Watling Island. On his third voyage, in 1498, he beheld for the first time the mainland of South America. 1. "Encyclopedia Britannica." 11th Edition. 2. "Harmsworth Encyclopedia." 3. "Popular Fallacies." — A. S. E. Ought To "Polish Up"  
Her Traffic Manners!

Spent most of yesterday over at the Court House, "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.

"Women drive just as good as men do," Tiny said, "and just as bad. For instance—a girl in a convertible today. She started a three-block tie-up all by herself.

"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about

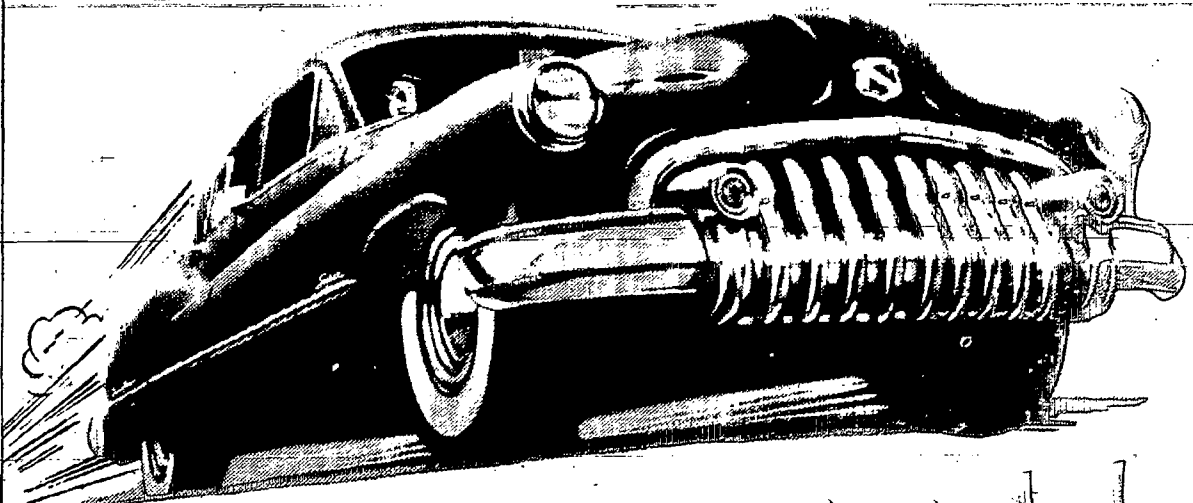

something. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail polish!"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

## Looking for POWER?

## Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, bappy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only BUICK has "Drive" and with it goes HIGHER-COMPRESSION and with it goes HIGHER-POWER in three engines. Fireball valve-in-head power in three engines. (New F-233 engine in SUPER models.) • NEW PATTERNS, STYLING, with KILBY-GUARD front fender-through fenders. • TRAFFIC-HANDY SEAT, less over-all length for easier parking and turning. • EXTRA-QUICK steering, short turning radius. • SOFT-RIDE SEATS cradled between the coils • SOFT-RIDE RIMS, from all-coil springing. • Safety-Ride rims, low-pressure tires, ride-steadying torque-tube. • Standard on ROADMASTER, optional on extra cost on SUPER and SPECIAL models.

## Becker - Hatfield Speak Vows

Miss Marie Helen Becker daughter of Mr. and Mrs. Arthur Becker of St. Helen, Michigan became the bride of James William Hatfield of Grayling on September 23rd at seven-thirty in the evening. Rev. Thomas Worke officiated at the double ring ceremony in the Congregational Parsonage Roscommon in the presence of fifty two guests.

Miss Becker wore a forest green gabardine suit for her wedding and a corsage of pink roses and white carnations. She was given in marriage by her father. The bridesmaid, Miss Dolores Jean McDermans of Roscommon wore a wine red gabardine suit and her flowers were yellow roses and white carnations. Gary Hatfield was best man for his brother.

A reception followed at the home of the brides parents for the fifty two guests. The house was decorated in pink and blue streamers for the occasion. Coffee sandwiches and wedding cake were served. Guests were present from Flint, Rose City, Grand Blanc and Detroit.

The bride is a graduate of Gerrish Higgins High School and was employed as operator by the Union Telephone Company. Mr. Hatfield attended Grayling High School, spent three years in the Marine Corp and is employed at Camp Grayling.

Following a wedding trip to Sault Ste Marie the newlyweds are making their home in Grayling.

## Feted With Showers

Several young ladies attended a stork shower given by Mrs. James Baker and Mrs. Robert Holzman for their sister Mrs. James Duley at her home Tuesday evening October 3rd. A buffet lunch was served from a table at which green tapers guarded each end of a Miniature Bassinet filled with cakes topped by tiny storks. Also included in the center piece was a white baby book cake decorated with yellow roses and green ribbons. Games were won by Thelma Madsen and Norma Parkinson.

Many lovely gifts were received by Mrs. Duley. Mrs. Henning Knudsen, Mrs. Carl Strobe, Mrs. George Hannen, Mrs. Leslie Hunter, Mrs. Louis Hayes and Mrs. Floyd Wylie were co-hostesses at a stork shower at Camp Shoppemagon on last Wednesday evening to honor Mrs. Les Welch. Thirty six ladies were invited. The group played cards the prizes for which were presented to the honored guest. She was also presented with a gift from the group. A tasty lunch was served.

## Who Run America?

**RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!**

**IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.**

**FREEDOM COMES UNDER ATTACK.** The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

**But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.**

**THE PEOPLE WEIGH THE FACTS.** In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

**They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.**

**THE "GRASS-ROOTS" SIGNALS CONGRESS.** In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs	American Legion
American Farm Bureau Federation	National Association of Small Business Men
National Grange	United States Chamber of Commerce
Veterans of Foreign Wars	National Association of Retail Grocers
National Conference of Catholic Charities	National Retail Dry Goods Association
American Protestant Hospital Association	American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

## THE VOLUNTARY WAY IS THE AMERICAN WAY!

o Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. o Today

in America—70 million people are protected by Voluntary Health Insurance! o Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. o For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

## Michigan Mirror

The twang of bowstrings and the zing of arrows opened October in Michigan forests as a new army of Robin Hoods started a 36 day deer hunting season for archers. Does as well as bucks may be taken, except in a 20-county area of the north limited to bucks with at least 3-inch spikes.

At the same time, the season opened for new withholding tax deductions. Workers will find their first paychecks issued after October 1 subject to new income tax rates, roughly 20 per cent higher than before.

Michigan Democrats are striving for harmony, a quality whose balance has plagued party relations in recent months. Forecasters agree that State Democrats will need every asset to beat the G. O. P. in this off year election, a trick they have not turned since 1912.

In Republican ranks, disharmony at the convention seems not to have upset that party's course too seriously. Former governor and present nominee Harry F. Kelly is putting up a good front of pleasure over the G. O. P. state for state officers, although the convention went against his personal choice for attorney general.

The ranks of the unemployed are rapidly dwindling to nothing. State labor experts foresee in the next two months the most acute labor shortage here since 1943, as Michigan eases into its arsenal role.

Building is in the grips of the worst uncertainty in years. Sponsors of many large programs delayed plans after the war, then went ahead recently after giving up the futile wait for lower prices. Now Korea has already upped costs 10 to 15 per cent, brought back escalator clauses and a whole new dilemma.

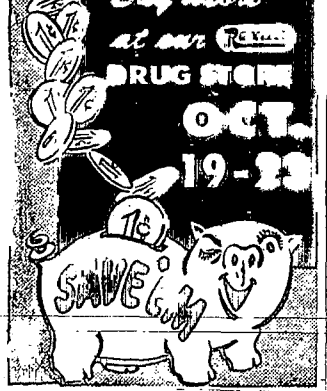

The wheels of the state's automaking machinery have reached a screaming pitch. Everything is right for production records: Wage settlements (raises) promise labor peace, war threats promise customers. The only "if" is whether military production may demand enough materials to hurt output.

By 1951, the year's production total should be over 6,000,000 units, 1,000,000 trucks.

War production will not hurt the auto industry seriously unless the car makers can't get steel.

For the rest of it, designs can be changed to reduce chrome trim, copper parts, and the like.

Cupid aim improved about 100 per cent.

MAC'S DRUG STORE

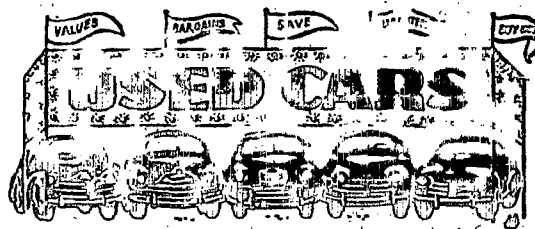

started. Marriage license bureaus reported rushing business. Kent County (Grand Rapids) set a summer record. Now brighter war news forecasts a decline in weddings.

The flight of dollars into "things" was maintained in September with a continued rise in war bond redemptions. The public is increasingly aware of the fugitive power of money during inflationary times. With the military spending now pledged, the danger is real, so people are turning to goods instead of savings.

The silver lining to this cloud is that inflation helps finance state government, may turn back the deficit. More sales at higher prices in Michigan stores mean more revenue for state and local governments from the sales tax. Collections are already running well ahead of last year.

Some Republican legislators have gone limbward so far as to hope publicly that the sales tax returns will soar high enough to spike Gov. Williams' arguments for a corporation tax in the state. The fallacy in this point of view is that inflation affects the cost of government as well as anything else, in due time. Any relief will be temporary at best.

## North Branch

The Grayling Post Office employees enjoyed a dinner at Mrs. Jackson's Beaver Creek Bend Lodge on Saturday evening. A fine time was had by all.

Mrs. Harold Johnson has been honored by a visit from her mother, Mrs. Lewis, and her grandfather, Mr. Kinsey, both from Crosswell. Mr. Lewis, who raises thorough-bred sheep, has just returned from an extended trip to all of the Michigan and Canada fairs, where he shows his fine animals. He has captured many blue ribbons. Due to his long absence from home, he was unable to accompany Mrs. Lewis.

Mr. Kinsey, who is 92 years old still enjoys good health and many other good things of this life, that many people his age have been forced to give up.

Mr. and Mrs. R. P. Johnson of Bay City spent the week end at their North Branch cabin in preparation for the approaching bird season, when they come up to stay the full three weeks and have open house most of the time for their many hunting friends.

Mr. and Mrs. Elmer Kellogg and sons of Frederic, and Mr. and Mrs. Guy Kellogg and Cheryl of Bridgeport were callers at Mrs. J. E. Kellogg's on Sunday. Mrs. Guy Kellogg, who has been visiting her mother, Mrs. Ace Leng in Frederic, returned to Bridgeport.

Mr. and Mrs. Carl Dorah have added a nice built-in porch to their deer run residence. Mr. Otto Kusel did the carpenter work.

The bears are either getting more numerous or one travels around a lot out our way. Charley Kellogg saw one at Yoder's corner, on Saturday night when returning from Lovells. Mrs. Les Jackson's sister and Becky saw one near the Jackson place and Charley Bottom saw one at Kellogg's Bridge. That makes four bear that have been near here, as Clayton Kellogg saw one earlier in the summer.

Mr. and Mrs. Roy Papenfus and family spent Sunday with the Clayton Kelloggs. It was Carol's eighth birthday. Happy birthday Carol.

Birthday greeting also to Bob and Clayton Kellogg.

Did anyone see those two women? or girls fording the North Branch in oversized waders last Thursday?

The North Branch Bible Church ended the first quarter since their organization, very successfully. There has been an average attendance of well over twenty, with visitors most every Sunday. At the mid-week prayer meeting in the Olson home, last week, they were honored with the presence of Mr. Miles Prestell of Detroit, who brought a fine message. All are welcome to come and worship with us.

Mr. and Mrs. Charley Wade have received a letter from Jack, who has landed safely in Japan. Followin Jack's address, and I am sure he will enjoy hearing from all of you. Jack M. Wade, RA 16328296, B Battery 674 Br., F. A. Bn., APO 660, c/o P. M., San Francisco, California.

### To Hold Workshop For Making Xmas Wreaths

Workshops will be held at Lovells and at Grayling for the making of Xmas wreaths, garlands and winter corsages. The first will be at Lovells Town Hall on Monday, October 16, and the second at the Grange Hall at Grayling, Wednesday, October 18. Both workshops will begin at 10 A. M.

Anyone interested in learning to make wreaths, garlands, and corsages is invited to attend. The lessons will be taught by Mrs. V. Vance, the Home Demonstration Agent.

Materials to bring to the workshop include: An abundance of evergreen, at least one-half bushel of greens, (white pine, balsam, cedar or a combination of these), old shears, newspapers, old apron, any berries, cones, or other trim suitable for wreaths, garlands, and corsages, one package stove pipe wire or fence wire if possible. The other materials necessary may be purchased at the workshop at a small cost.

Lunch will be served by the Lovells group at the meeting on October 16 at the Lovells Town Hall.

Bring Christmas suggestions to exchange at these meetings also.

### Congressman Talks

(Continued from front page.)

pendent so that we, ourselves, may survive." "Furthermore," he continued, "we must not ignore the simple minded sentimental idealist who spreads Communistic ideas. We can expose Communists but not these."

"We cannot wait for China to overcome Russia as she has over come other invaders of the past by absorbing them. The only way to unite with a tiger is inside the tiger. Where will we be then?"

His opinion was that we must not turn our government over to military people who spend their time studying strategy and military maneuvers, but who know little about historic and political divisions. He suggested that our government be run by civilians, and likened our Army and Navy to arms sent out and recalled by them.

"Communism" does not win by ideals or choice of its people. It wins by force. History is full of poor ideals winning when supported by arms. Right will ultimately win but not in our time," he declared.

Is it hopeless? The situation is no worse now than it has been the past two decades. It is only more visible now. We are now

making a clear diagram. We are recognizing our own mistakes. We have quit running backwards.

We are now helping in moral support, advisory, economics and military aid.

By Mrs. R. C. Puffer.
